

PREREQUISITE

IBM Cloud Service

Date	01 November 2022
Team ID	PNT2022TMID33093
Project Name	IoT Based Smart crop Protection system for Agriculture
Maximum Marks	4 Marks

IBM Account Dashboard

The screenshot displays the IBM Cloud Account Dashboard in a web browser. The browser's address bar shows 'cloud.ibm.com'. The dashboard header includes the 'IBM Cloud' logo, a search bar, and navigation links for 'Catalog', 'Manage', and the user's account 'Sheik Riyas H's Account'. The main content area is titled 'Dashboard' and features a 'For you' section with six recommended actions: 'Build' (tutorials), 'Build a web app with Watson Speech to Text' (15 min), 'Get Started with Watson Studio' (2 hr), 'Build a Virtual Private Cloud (VPC)' (7 min), 'Learn about IAM Roles' (5 min), and 'Build a virtual machine' (7 min). Below this, there are four sections: 'News' (with links to Gartner Magic Quadrant, Incident Management SaaS, and Satellite Pricing), 'Recent support cases', 'Planned maintenance', and 'IBM Cloud status' (showing a world map). A 'Create resource' button is visible in the top right corner of the dashboard area.
